Transparency, by design

Six commitments we hold ourselves to on every application, in line with the RBI Digital Lending Directions.

Full cost disclosed upfront

The sanctioned amount, repayment date, interest, every applicable fee and the total repayable are set out in the Key Fact Statement before you accept.

No charge before disbursal

Applicable fees are deducted at the time of disbursal and disclosed in advance. No payment is ever sought to secure an approval.

Cooling-off period on every loan

You may exit within the cooling-off window on payment of only the proportionate interest, without penalty.

Purpose-limited use of data

Information is collected only for the application you submit, with your explicit consent, stored in India, and never sold to third parties.

Reporting to credit bureaus

Your lending partner reports repayment conduct to the bureaus, so timely repayment strengthens your credit profile.

A defined escalation path

A named grievance officer, your lending partner's officer, and the RBI Integrated Ombudsman where a matter is unresolved after 30 days.

Credit Made Easy. Personal loans with RBI-registered NBFC partners, and the lending technology and recovery infrastructure behind them.
